

Shukran

for an incredible year

**This has been a year unlike any other for Vodafone...
and we owe it all to you.**

Shukran to His Highness our Emir, Sheikh Hamad bin Khalifa Al Thani, His Highness the Heir Apparent Sheikh Tamim bin Hamad Al Thani and to Her Highness Sheikha Mozah Bint Nasser Al Missned.

Your graces have helped us bring our values and vision to the people of Qatar. Your blessing has made Qatar our home.

Shukran to The Chairman, His Excellency Sheikh Abdulrahman bin Saud Al Thani, and to the rest of our Qatari board members. Shukran to ictQATAR and to Dr. Hessa Al Jaber.

Your guidance and cooperation has enabled the people of Qatar to make over 50 million minutes of international calls in the span of a single month, and has led us to distinguish ourselves in the region as the 'New Entrant of the Year' at the CommsMEA Awards.

Shukran to the growing number of shareholders who have invested in our company's success.
Your faith in us has driven us to exceed our own expectations of total customers, total revenue, operating profit and free cash flow.

Shukran to the 320,000 people who have decided to join Vodafone as our customers.
Your support has helped us grow to a staff of 300, a footprint of 11 Vodafone stores and 2,000 distribution outlets, and a network of 350 cell sites that covers 99% of the country.

Shukran to our landlords, distribution partners and business partners here and abroad... and more than 2,000 employees who work directly and indirectly to make our business a success.
Your hard work has enabled us to completely revolutionise the communications industry in Qatar.
